A 65-year-old female called 211 needing assistance with their power bill. She and her husband, a veteran, are on a fixed, limited income. Since their son has had to move home due to loss of work, their electric bill has increased substantially. The 211 operator thanks to skillful, and compassionate query, was able to offer information about resources such as the Veteran's Relief & Assistance Fund, LIHEAP, and other possible resources. The caller shared she was pleased to know about these resources, and felt it 211 was helpful. She seemed relieved to know of those resources.

2-1-1 is also part of the team handling Dept. of Health COVID-19 hotline calls.
